Neighbourhood Connect is a national community organisation that helps people across Australia create neighbourhood groups, to encourage happier, safer and more connected communities. We encourage people to go beyond social media and step out into their neighbourhoods and get to know one another in real life because we think life is better when we feel we belong. We support local people to become Community Connectors and give ideas, examples, tools, encouragement and support, and assist step by step, at no cost. www.neighbourhoodconnect.org.au
